**How  
about  
some  
good  
healthy  
advice?**

## What is HealthCheck?

HealthCheck (Wisconsin's EPSDT Program) is a preventive health check-up program for anyone under the age of 21 who is currently eligible for Wisconsin Medicaid or BadgerCare Plus.

## Why should my child or I get a HealthCheck Exam?

HealthCheck teaches you and your child how to prevent illness, and can also find health problems early, before they become serious. (Remember a healthy child is a happy child!) HealthCheck meets the physical exam requirements for programs such as Head Start, Child Care or WIC (Women, Infants and Children Supplemental Food Program) and school physicals. A HealthCheck exam may also make you eligible for some services not normally paid for.

## What if a health problem is found?

HealthCheck will help you make an appointment for any follow-up care or treatment. HealthCheck can also help you find a doctor or dentist if you need one.

## What about transportation?

Your local county or tribal agency is required to help you get to all HealthCheck appointments. Call them if you need help with transportation.
